

Legal Policies for Meta API Approval (AAA Business Consultancy)

For Meta App Review (Facebook Login, Instagram Graph API, WhatsApp Business API), you must host these documents on a public website (e.g., <https://aaaconsultancy.com/privacy-policy> or a public GitHub Pages page) and provide the links in the Meta Developer Console.

1. PRIVACY POLICY

Last Updated: July 8, 2026

At AAA Business Consultancy, accessible from our relocation and CRM portals, one of our main priorities is the privacy of our visitors and clients. This Privacy Policy document contains types of information that is collected and recorded by AAA Business Consultancy and how we use it, particularly concerning our integration with Meta APIs (Facebook Login, Messenger, and Instagram Graph API).

If you have additional questions or require more information about our Privacy Policy, do not hesitate to contact us at legal@aaabusinessconsultancy.com.

A. Information We Collect

We collect information to provide better services to all our immigration and relocation clients. This includes:

Personal Identifiable Information: Name, email address, phone number, nationality, and documentation relating to visa applications (such as passports, proof of income, and background checks).

Meta API Data (when authorized): If you connect your Meta accounts (Facebook Page, Instagram Business Account, or WhatsApp Business) to our CRM:

Public profile details (Name, Profile Picture, User ID).

Direct Message (DM) threads, chat messages, comments, and communication logs sent to your connected accounts.

Meta page metadata necessary to configure webhook subscriptions.

B. How We Use Your Information

We use the collected information for the following purposes:

Lead Ingestion & Case Management: To automatically import inquiry leads from social media platforms into the CRM.

Consolidated Social Inbox: To centralize communication channels (WhatsApp, Facebook, Instagram DMs) so our relocation agents can respond to your visa queries from a single dashboard.

Visa Application Processing: To manage your documents, verification stages, and consultations for Digital Nomad Visas (DNV), Non-Lucrative Visas, Sworn Translations, etc.

Notification Services: To alert clients of updates regarding their case status, invoice requests, or appointments.

C. Data Sharing & Security

We do not sell, trade, or rent user personal data to third parties. We implement secure industry-standard administrative, technical, and physical measures to safeguard user data:

All network communication is encrypted over HTTPS/SSL.

Database assets, user profile values, and credentials are protected on secured backend cloud networks.

Access control is restricted through dynamic role-based permissions (Super Admin, Manager, Agent, Finance).

D. Data Retention and Deletion (Meta Platform Data)

We retain Meta Platform data only as long as necessary to provide active communication services in our CRM.

User-Initiated Deletion: You can disconnect your Facebook, Instagram, or WhatsApp accounts from our Integrations panel at any time. Disconnecting will immediately halt further data sync and remove associated access tokens.

Data Erasure Requests: If you wish to request the complete deletion of your personal data and message logs stored in our database, please submit a request to data-request@aaabusinessconsultancy.com. We will process and purge your data within 14 business days.

2. TERMS OF SERVICE

Last Updated: July 8, 2026

Welcome to the relocation portal of AAA Business Consultancy ("Service", "we", "our", "us"). These Terms of Service ("Terms") govern your use of our CRM software, customer portal, and related immigration assistance platforms.

By accessing our portal, you agree to comply with and be bound by these Terms. If you do not agree, please do not use our services.

A. Scope of Services

AAA Business Consultancy provides administrative support, document translation coordinates, application cycle management, and consulting services for relocation to Spain (including Spanish Digital Nomad Visa, Non-Lucrative Visa, Student Visa, and appeal support).

No Legal Representation Guarantee: While we assist with paperwork compilation, submission guides, and sworn translation alignments, the final visa/residency approval is determined solely by the Ministry of Foreign Affairs, Consulates, or UGE of Spain.

B. User Registration and Account Security

You must provide accurate, current, and complete information during lead intake or client onboarding.

You are responsible for safeguarding the credentials of your client portal. Any activity under your account is your responsibility.

If we detect unauthorized access or security breaches (such as device fingerprint anomalies), we reserve the right to temporarily freeze access to protect client data.

C. Third-Party Integrations (Meta APIs, WhatsApp)

Our CRM allows administrators to connect third-party platforms (like Facebook Pages, Instagram Business, and WhatsApp Business API) to organize inbound queries.

Your integration and use of third-party platforms are governed by their respective Terms of Service and Privacy Policies (e.g., Meta Platform Terms and Developer Policies). We are not responsible for any service interruptions, API changes, or account restrictions caused by third-party platforms.

D. Billing, Refunds, and Commissions

All service fees and package invoices are due according to the specified billing timeline.

Refund Policy: Refunds are subject to the case evaluation guidelines set forth in the individual client retainer. In the event of a visa rejection, appeal filing or partial refunds are evaluated strictly under the terms of the signed contract.

E. Termination of Use

We reserve the right to terminate or suspend access to our portal immediately, without prior notice or liability, for conduct that we believe violates these Terms, local regulations, or is harmful to other users of the Service.
